

Bramhall Area Thermal & Slope Soaring Society as the name suggests, the club is involved with radio controlled both flat field flying and slope soaring.

During summer months, competitions are held on Wednesday evenings at the Recreation Ground at Seal Road, Bramhall Nr. Stockport. During the months from October to April, the club holds meetings on the first Wednesday of each month at the Ladybridge Club, Cheadle Hulme. See the web site for details - always something of interest.

Flying at the Seal Road field is for gliders only bungee or hand tow (no power). Electric powered gliders are permitted provided the motor is used simply for height gain.

There is a strong element of slope soaring within the club using a variety of hills.

If you are interested in this type of flying, contact Martin Francis on 01663 743708

If you wish to join the Club, you must have a proposer and seconder, one of whom should be a current committee member. The BMFA fees usually reduce from 1st July each year. Please check.

The fees for 2010 are:

Club Fees

£15.00 (senior) and £ 5.00 (junior - under 18)

BMFA (of which you must be a member)

£29.00 (senior) £13.00 (junior)

Please return this form, together with your cheque made payable to BATS CLUB to the Membership Secretary, Julian Grocott as below:

Membership Application Form 2010

Please return to Membership Sec:- Julian Grocott , 120 Strines Road, Marple, Stockport, Cheshire, SK6 7DU.
