

What? A family run boatyard experienced in handling multi-hulls up to 40' and 10 tonnes. Offering tidal moorings, lay-up ashore or afloat, broad hard to dry out for surveys/prop change? Showers/toilets, free parking. Maintenance of hull, rigging & engines. Pressure wash & anti fouling.

Where? One mile W.N.W of Chichester Harbour Entrance by sea and 5 miles south of Havant main line station & M27/A27(M).

How? Just call us on (0)23 9246 4869 or email: wilson.boatyard@freenet.co.uk - or come & see us!

WILSONS BOATYARD

Introducing the improved
TriPatch Marine Range

Resintech are proud to announce the launch of the improved TriPatch Marine Range. TriPatch offers 'First Aid for boats' by providing an emergency or permanent repair for a variety of applications. The epoxy based patch is packaged with everything needed to carry out a successful repair without the need for weighing or measuring materials.

New Standard Sizes
